

MASK - FMS MASK

Montecolino Spa has created a surgical mask - FMS MASK - compliant with EN 14683: 2019 standard and CE marked in compliance with the CE/92/43/CEE directive regarding medical devices.

FMS MASK is registered as a medical device at the Italian Ministry of Health under 1990298 number.

FMS MASK has a high bacterial filtration efficiency (99%), but it retains excellent breathability at the same time.

COMPOSITION

- External side: Polyester felt with anti-drop treatment
- Middle part: MeltBlown (filter layer) in Polypropylene
- Face side: SpunBond in Polyester

WHITE standard mask

GREY standard mask
